Named after one of the most stylish roads in West London is Portobello Villa, the latest luxury holiday rental villa on the West Coast of Barbados. This beachfront pad includes 5 ensuite bedrooms, all of which offer mesmerizing sea views and privacy whilst communal areas bring cherished guests together on the sea facing terrace with luxury sun loungers, one of a kind infinity edge pool or the multiple dining and lounging areas.

The 5th bedroom doubles up as a media room and for the energetic there's also a table tennis table and Rocky style out door gym. The bar with TV comes into its own for the sensational sundowners which will blend into memorable evenings under the stars including canapés and sumptuous three course dinners.

The modern clean lines of the interiors along with the contemporary furnishings contrasts with the ageless sights and sounds of the Caribbean that cocoon this one of a kind property in total awe inspiring luxury.
